

SMARTBRIDGE - Communication

Date	25 June 2026
Team ID	XXXXXX
Project Name	Emotion Detection & Learning Support Engine
Maximum Marks	1 Mark

Communication Plan

Effective communication played an important role in the successful development of the Emotion Detection & Learning Support Engine. The team coordinated throughout the project to discuss requirements, assign tasks, resolve technical issues, review progress, and prepare for the final project demonstration.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	Daily	WhatsApp Group	All 5 Team Members	Discuss daily progress, assign work, and identify blockers.
2	Progress Review Meeting	Weekly	Google Meet	All 5 Team Members	Review completed modules and plan upcoming development tasks.
3	Technical Discussion	As Needed	WhatsApp + VS Code Live Share	Developers	Resolve coding issues, debug errors, and integrate project modules.
4	Project Guide Review	Bi-Weekly	Google Meet / In-Person	Team + Mentor	Present project progress, receive suggestions, and verify milestones.
5	Final Demo Practice	Once	Google Meet / Classroom	Entire Team	Practice presentation flow, explain project modules, and prepare for evaluation.
6	Code Review & Git Updates	Weekly	GitHub	All Team Members	Review commits, merge code, and maintain repository version control.

Communication Challenges & Resolutions		
S.No	Challenge Faced	Resolution / Action Taken
1	Difficulty coordinating schedules among five team members.	Used WhatsApp updates and shared meeting summaries so everyone stayed informed.
2	Integrating Emotion Detection, Streamlit UI, and Generative AI modules.	Conducted collaborative debugging sessions and integrated modules step-by-step.
3	Managing Git merge conflicts while multiple members edited the repository.	Created separate branches for development and merged code after review.
4	Understanding Generative AI prompt engineering.	Discussed prompt design together and tested different prompts until accurate responses were achieved.
5	Preparing for the final project demonstration.	Conducted multiple demo rehearsals and divided presentation responsibilities among all team members.
